

Quarterly Report to United Way of Monroe County and Steering Committee
October 2008

- V. Data Collection:** Continue the database of available community statistics that measure the identified risk factors

This Committee continues to be chaired by Laura Schultz, Director of the American Red Cross. The Data Collection Committee met on January 16, 2008 and October 20, 2008 to review the current statistics. Discussion was held at the October meeting about incorporating data measures to track positive activities that are available in the community for youth; (for example, 4-H club participation). This idea will be explored by the Committee.
