

Quarterly Report to United Way of Monroe County and Steering Committee  
July 2008

**V. Data Collection:** Continue the database of available community statistics that measure the identified risk factors

This Committee continues to be chaired by Laura Schultz, Director of the American Red Cross. The Data Collection Committee met on January 16, 2008 and reviewed the current statistics. The Committee will again meet in September, at which time, updated information should be available.

A project with the Center for Community Growth is also being pursued to develop outcome measures for service agencies in the community. Once developed, the system will be web based to allow for tracking of program outcomes and measuring community impact.
